

One Year Limited Warranty

J&K Cabinetry warrants to original consumer purchasers for a period of one year from the original date of purchase that all components shall be free from defects in material and workmanship under normal use.

Our warranty is only applicable to products used in residential applications within the United States and is not transferable to subsequent owners.

Should defects in material or workmanship exist during the warranty period in any J&K Cabinetry product, J&K Cabinetry will elect at its discretion to either repair or replace the defective material or component free of charge. This warranty covers only parts and materials of the products supplied by J&K Cabinetry. Not covered under this warranty are counter tops, appliances, plumbing fixtures, etc. or the costs, including labor, to remove and reinstall materials and related components such as fittings, appliances, etc. This warranty shall become void if the cabinets are in any way modified, improperly installed or damaged prior to or during the installation. This also disclaims products utilized in any application other than the standard. Furthermore, this warranty will not apply to cabinets damaged by misuse, neglect, abuse, acts of God, exposure to moisture, exposure to extreme temperatures or the effects of normal wear and tear.

Natural woods may vary in color, characteristics and exhibit subtle changes as they age. Sunlight, smoke, household cleaners and other environmental conditions may also affect the color match over time. These variations are considered to be the nature of the material in relation to their environmental exposure and are not covered under this warranty.

J&K Cabinetry reserves the right to alter design, specifications and material without obligation to make similar changes to products previously manufactured.

The repair(s) or replacement(s) are contingent upon the current product offerings of styles and construction options within the J&K Cabinetry product at the time of the warranty claim. If a warranty claim is filed after an J&K Cabinetry product becomes obsolete, J&K Cabinetry will not be responsible for matching replacement.

If components are replaced, J&K Cabinetry cannot guarantee that the finish of these replacements will exactly match the finish and appearance of the components in the residential application. This is due to the changes that occur during the woods' natural aging process, affecting its color and grain.
